STOPPED RUNAWAY HORSES.

Frederick A. Herrick Showed Coolness and Courage.

Wednesday afternoon shortly after 4 o'clock Frederick W. Herrick, who drives the parcel delivery wagon for the H. C. Murray company, was driving down Main street and had just passed Church street, when with a noise and a clatter a heavy pair of dark horses attached to an empty dump cart, without a driver, came tearing up Main street from the direction of the Main street railroad crossing. The horses were running at a fast rate of speed and everyone made haste to give them a clear track. When the pair reached the Willimantic Trust company, Mr. Herrick applied them and quickly jumping from his own team made a flying leap for the rear of the dump cart, clambered in and walked forward to the seat and stepping out on the job, reached down, grasped the reins, and brought the horses under control at the head of Railroad street. He turned them around at North street and drove them back to the Jordan Hardware company, where the driver of the pair came up running, all out of breath. Herrick was given a generous hand as he drove back past Railroad street by a hundred or more people who witnessed his nerve.

JEWETT CITY
 Children in Court For Thefts From Gardens—Pay Costs and Judgment Is Suspended—Farms Plundered by Adult Robbers.

Officer Louis Gignas arrested five children Tuesday afternoon on complaint of Henry Roudau. They had been caught stealing cucumbers and tearing up the vines. They were kept at the police court until eight o'clock, and then were allowed to go until Wednesday morning, as the parents promised to appear at court. Judge H. B. Burnham tried their cases, and gave them a good lecture. He suspended judgment for three months, and if they give no further trouble during that time they will not be punished.

The costs were divided among them amounting to \$2.40 a piece, which they paid. This may be a lesson not only to children but to older people who steal apples from orchards, and that with the utmost boldness.

Thefts From Farms.
 A lady residing on a farm was asked recently why she did not come to town earlier. Her reply was that it was not wise to leave the place alone, as watch had to be kept all the time to prevent thefts. In some cases teams are driven to farms to carry off the plunder. One man in town had potatoes stolen, which were dug out of the side of the hills, leaving the vines standing. It is a problem in the vicinity as to whether or not the owner will reap the results of his labor.

Misses
